

Offshore Outsourcing: Future Impact

Gregory W. Ulferts, University of Detroit Mercy

Terry L. Howard, University of Detroit Mercy

Abstract

Many view offshore outsourcing as a corporate strategy that is deteriorating American jobs. This view is short-sighted and doesn't see the larger picture. For decades, companies have incorporated offshore outsourcing as a crucial strategy in business planning. This paper addresses not only the obvious benefits and advantages but also the weaknesses/shortcomings, political ramifications, and global markets. Is preventing or limiting offshore outsourcing in the best interest of the nation in the future.
