## **Comparison of online teaching and traditional teaching in higher education**

JungKook Lee

Associate Professor of Marketing

Indiana University Purdue University Columbus

### **Abstract**

In the recent years, many universities offered to their students another learning option next to traditional one: online courses. Many schools have revolutionized online education by offering advanced learning environment. Many universities have focused on providing faculty with technological training to enhance their online teaching. The purpose of this study is to determine the difference between on-line teaching and traditional (face-to-face) teaching.
